

ADITYA VIJAY GORAKSHA

DATA ANALYST

Mobile: +91-9322185126 | Email: adityagoraksha05@gmail.com

CAREER OBJECTIVE

To secure a challenging Data Analyst position in a dynamic organization where I can leverage my strong analytical, SQL database querying, and data visualization skills to transform raw data into actionable business insights, bridging the gap between data complexities and strategic business solutions.

PROFILE SUMMARY

- **Analytical Problem Solver:** Strong ability to analyze complex datasets, perform thorough data cleaning, and translate metrics into clear business insights.
- **Technical Proficiency:** Highly proficient in automated database querying (SQL) and advanced operational spreadsheet modeling (Excel).
- **Data Visualization:** Experienced in converting unstructured datasets into interactive, executive-ready diagnostic dashboards using Power BI and Tableau.
- **Collaborative Communicator:** Proactive and self-motivated team player with refined skills in managing cross-functional technical teams and business stakeholders.

TECHNICAL SKILLS & COMPETENCIES

Database & Querying:	SQL (SELECT, WHERE, JOINS, GROUP BY, Subqueries, Aggregate Functions)
Advanced Excel:	VLOOKUP/XLOOKUP, Pivot Tables, IF Formulas, Interactive Dashboards, Data Cleaning & Modeling
BI & Visualization:	Power BI, Tableau
Analytical Techniques:	Data Discovery, GAP Analysis, Root Cause Analysis, SWOT Analysis, Trend Identification
Methodologies & Tools:	Agile (Scrum), Waterfall, SDLC, JIRA, Confluence, MS Visio, BPMN Notation, MS Office

DATA ANALYTICS CORE EXPOSURE

- **Data-Driven Decision Support:** Analyzing structured historical data to isolate hidden operational trends and support data-informed choices.
- **Requirements Elicitation:** Conducting interviews, workshops, and JAD sessions to define business reporting requirements and core performance metrics (KPIs).
- **Process Mapping:** Drafting clean As-Is and To-Be data-flow schemas and process pipelines using MS Visio and standard BPMN notations.
- **UAT Coordination:** Formulating and supporting user acceptance test cases to validate that delivered data pipelines and reports perfectly meet business specifications.

ACADEMIC & PORTFOLIO PROJECTS

Sales Performance & Analytics Dashboard

Power BI / Excel

Designed and launched an interactive business intelligence dashboard tracking multi-regional KPI indicators, localized metrics, and product margins.

- Cleaned, filtered, and transformed raw source data inside Excel to remove duplicates and null errors.
- Enabled management to dynamically evaluate operational metrics and instantly identify underperforming asset groups.

Student Result & Metrics Analysis System

SQL / Power BI

Developed an institutional framework executing customized queries to aggregate and dissect departmental academic records.

- Crafted complex relational multi-table JOINS and nested subqueries to compute specific department averages.
- Visualized distribution patterns to map critical parameters affecting overall student success rates.

EDUCATIONAL QUALIFICATIONS

Sanjivani University

Pursuing

Bachelor of Technology in Computer Science Engineering

MIT

Completed

Diploma of Technology in Computer Science Engineering

PERSONAL PROFILE

Father's Name:	Vijay
Mother's Name:	Nisha
Date of Birth:	12th December 2005
Marital Status:	Single
Languages Known:	English, Marathi, Hindi
Nationality:	Indian

I do hereby confirm that the information given in this form is true to the best of my knowledge and belief.

Place: Pune
