Summary

B.Tech student specializing in Artificial Intelligence and Machine Learning with a Diploma in Mechatronics Engineering. Skilled in AI/ML, IoT, Embedded Systems, Automation, PLCs, Sensors, Python, Java, and Web Technologies. Experienced in developing smart and intelligent solutions by combining software, electronics, and mechanical systems. Strong problem-solving, teamwork, and leadership abilities with a passion for innovation and emerging technologies.

Academic Credentials

Bachelor of Technology- AIML- 7.6 Sanjivani University, Kopergaon	2024 – 2027
Diploma in Mechatronics – 84.15% Sanjivani.k.b.p.Polytechnic, Kopergaon	2021 –2024

Skills

Technical Skills:

- Power BI, DevOps, MongoDB
- Programming Languages: Python, Java, JavaScript, React.js, Next.js, Node.js, PHP
- AI/ML Fundamentals
- MySQL,SQLServer,

Projects

1. Smart Energy Harvesting for Rural Roads

Role: Developer / Researcher | Second Year Project

- Designed and implemented an IoT-enabled piezoelectric energy harvesting system to capture power from vehicle movement on rural roads.
- Integrated piezoelectric sensors with microcontrollers for real-time monitoring and energy storage.
- Aimed to provide a sustainable and low-cost power solution for lighting and small devices in remote areas.
- Strengthened expertise in renewable energy systems, IoT applications, and embedded hardware design.

2. Human Following Robot

Role: Developer / Engineer | Final Year Diploma Project

- Engineered a mobile robot capable of tracking and following a person using ultrasonic/IR sensors and motor control systems.
 - Programmed the robot's navigation logic for real-time movement and obstacle avoidance.
 - Demonstrated hands-on skills in mechatronics, robotics, control systems, and embedded C programming.
 - Presented as an innovative prototype, showcasing potential applications in assistance robots, security, and automation.
-

Internship Experience –

Ethara AI - LLM Post Training Intern | March 2026 – May 2026 | Remote

- Worked on AI and data projects focusing on LLM post-training and evaluation workflows
 - Gained hands-on experience in AI data processing and model evaluation
 - Followed quality guidelines and ensured timely completion of assigned tasks
 - Received structured feedback and mentorship from team leads
-

Certifications

- NAT Q5 Certified (Equivalent to **JLPT N5**)
 - MSME Entrepreneurship Awareness Program Certificate
 - SQL and Relational Database 101 – IBM
 - Building Cloud and Multicloud Applications – IBM
 - IBM DevOps Fundamentals
 - IBM Cloud Fundamentals
-

Soft Skills:

- Leadership & Teamwork
 - Problem Solving
 - Creative Thinking
 - Quick Learner and Adaptable
 - Communication
-

Personal Details

- Date of Birth: September 13, 2005
- Address: Kopargaon, Maharashtra
- Languages Known: Japanese, English
