Email: hgcloud11@gmail.com — **Phone:** +91-7249569014

Location: Astagaon, Maharashtra, India

Objective

A motivated and detail-oriented B.Tech (AI & DS) student with a strong foundation in data science, machine learning, and programming. Seeking an opportunity to apply analytical and technical skills in real-world projects involving data preprocessing, model development, and deployment. Eager to contribute to innovative solutions while continuously learning emerging technologies in the AI and data ecosystem.

Education

Bachelor of Technology (AI&DS)

Sanjivani University, Kopargaon, Maharashtra

Aug 2024 – Expected May 2027

CGPA: 8.2 / 10.0

Diploma in Cloud Computing and Big Data

Pravara Polytechnic, Loni, Maharashtra

Sep 2021 – May 2024

Percentage: 80.76%

Technical Skills

Programming:	Python, C/C++, Java
AI/ML:	TensorFlow, Jupyter, Google Colab
DevOps & Tools:	Docker, Kubernetes, Jenkins, Git, Linux
Databases:	MySQL, SQLite, MongoDB, Oracle
BI & Visualization:	Power BI, Cognos BI, SPSS

Projects

Share Bite – Food Donation Web Platform

HTML, CSS, JS, MySQL

- Built a platform connecting 50+ donors with NGOs, reducing food waste by 30%
- Implemented real-time food listing, location tracking (Leaflet Maps), and admin approval workflows

Smart Storage System for Onions – IoT Solution

Firebase, IoT Sensors

- Designed a **low-cost smart storage** solution reducing onion spoilage by **25%**.
- Integrated DHT22 & MQ4 sensors with Firebase for live monitoring of **temperature, humidity, and gas levels**.

Food Calorie Estimation App

CNN, Gradio Interface

- Developed a **custom CNN model** achieving **85% food classification accuracy**.
- Built an interactive app estimating **calories from food images** using a curated dataset.

Internship Experience

Web Development Intern – Innovatus Technologies

Jun 2023 – Jul 2023

- Completed hands-on training in **web development**, covering HTML, CSS, JavaScript, and basic backend integration.
- Gained practical experience in **Python programming fundamentals**, including data types, control flow, and functions.
- Developed simple **web projects and static websites** as part of the learning curriculum.

- Strengthened understanding of **frontend development principles** and responsive design.

Data Analysis Intern – Starnet Pvt. Ltd.

Jun 2025 – Jul 2025

- Analyzed the **Uber rides dataset** to identify key patterns and define project objectives.
- Used **Python for data preprocessing, analysis, and visualization** to extract meaningful insights.
- Developed a deployable **web-based dashboard/application** to present findings interactively.
- Documented methodology and results for **potential research publication**.

Certifications

- DevOps Fundamentals - IBM(2024)
- Cloud Fundamentals - IBM(2024)
- Power Bi Workshop(2025)
- Introduction to MongoDB(2025)

Positions of Responsibility

Captain, Kabaddi Team, Sanjivani University

- Led the college Kabaddi team in tournaments and practice sessions, fostering strong teamwork and discipline.
- Developed leadership and decision-making skills through strategic planning and match coordination.
- Promoted team spirit and collaboration by mentoring new players and organizing regular team-building activities.
