PROFESSIONAL SUMMARY

Motivated Web Developer with foundational knowledge in building responsive applications using the MERN stack (MongoDB, Express.js, React, Node.js). Practical experience in developing functional user interfaces, managing application state, and integrating front-end components with RESTful APIs. Eager to apply problem-solving skills, write clean code, and continue learning in a collaborative development environment.

TECHNICAL SKILLS

Frontend: React.js (Basic), HTML5, CSS3, Bootstrap

Backend: Node.js, Express.js (Foundational)

Databases: MongoDB

Tools & Platforms: GitHub, Postman, VS Code, Netlify

Core Concepts: API Integration (Axios/Fetch), Component-Based Architecture, Basic State Management

INTERNSHIP

Web Development Intern | *HCL Tech*

Jun 2025 – Aug 2025

- Gained practical experience in client-server architecture and understanding how front-end applications communicate with backend services.
- Assisted in testing and integrating RESTful APIs to ensure proper data flow.
- Collaborated with the development team to troubleshoot basic application issues and improve user interfaces.

PROJECTS

Task Management Dashboard | *Tech Stack: MongoDB, Express.js, React.js, Node.js, Axios*

- Developed a full-stack application featuring a dynamic dashboard for task creation, editing, and deletion.
- Integrated RESTful APIs using Axios to manage data communication between the React frontend and Node/Express backend.
- Successfully managed version control via GitHub and deployed the final repository live on Netlify.

Interactive Developer Portfolio | *Tech Stack: React.js, HTML5, CSS3*

- Designed and developed a fully functional, unique personal portfolio website to showcase technical projects and skills.
- Focused on advanced UI/UX aesthetics, implementing clean, modern layouts and smooth navigation to ensure a premium user experience.

Truck Expenses Tracker (In Progress) | *Tech Stack: MongoDB, React.js, Node.js*

- Developing a specialized web application to log and manage vehicle operational costs, fuel logs, and maintenance records.
- Currently designing the responsive React frontend and implementing basic CRUD operations for initial data entry.

EDUCATION

B.Tech Computer Science & Engineering | *Sanjivani University, Maharashtra*

2024 – 2027

CGPA: 6.69

Diploma Computer Engineering | *K.P.C Yogeshwari Polytechnic, Maharashtra*

2021 – 2024

Percentage: 72.51%

CERTIFICATIONS

- **Full Stack Web Development Certification** | *Talent Battle* (2026)
- **MongoDB Developer Toolkit** | *GeeksforGeeks* (2024)
- **Full Stack Java Development** | *HCL Tech* (2025)
- **Generative AI Fluency** | *NASSCOM* (2025)
- **Python for Data Analysis (NumPy & Pandas)** | *Shri Software Solution* (2023)
