## SUMMARY

Aspiring Computer Science Engineer passionate about full-stack development and problem-solving. Eager to contribute to real-world software projects using strong fundamentals in Java, C++, and web technologies. Looking for opportunities to grow, innovate, and learn in a dynamic tech-driven environment.

## EDUCATION

|                                                                                            |           |                    |
|--------------------------------------------------------------------------------------------|-----------|--------------------|
| <b>B.Tech in Computer Science and Engineering</b><br>Sanjivani University                  | 8.64 CGPA | <b>2024 – 2027</b> |
| <b>Diploma in Computer Science and Technology</b><br>Sanjivani K.B.P Polytechnic,Kopargaon | 87.14%    | <b>2021 – 2023</b> |

## SKILLS

- **Programming Languages:** C++,Java, Python
- **Web Development:** HTML, CSS, JavaScript,React.js, Spring Boot
- **Emerging Technologies:** Large Language Models (LLMs), Prompt Engineering
- **Databases:** MySQL, MongoDB
- **Developer Tools & Platforms:** Git, VS Code, Google Colab, Cursor

## PROJECT

### Design and Developed Desktop Application for Billing (Cloth Shop)

- Technology used : HTML, CSS, Bootstrap, PHP, XAMPP.
- Developed a full-stack Cloth Billing Web Application to streamline billing operations in retail shops. Implemented a responsive frontend using HTML, CSS, and Bootstrap, along with backend functionalities using PHP for invoice generation and data processing. Integrated MySQL database using XAMPP for secure storage and efficient management of billing records.

## EXPERIENCE

|                                                                     |                                |
|---------------------------------------------------------------------|--------------------------------|
| <b>Dialogues Media</b><br>Web Development Executive Intern (Remote) | <b>June 2025 – August 2025</b> |
|---------------------------------------------------------------------|--------------------------------|

- Developed practical skills in building responsive web interfaces using React.js and worked with MySQL for efficient data storage and retrieval.

|                                         |                              |
|-----------------------------------------|------------------------------|
| <b>Origin Software Solutions,Shirdi</b> | <b>June 2023 – July 2023</b> |
|-----------------------------------------|------------------------------|

- Completed a Web Development Internship, acquiring practical experience in frontend development using HTML, CSS, and JavaScript, and backend development using PHP, MySQL, and XAMPP.

## ACHIEVEMENT

|                                                                          |                    |
|--------------------------------------------------------------------------|--------------------|
| Recipient of Mohan T. Advani Centennial Scholarship, Bluestar Foundation | <b>2022 – 2024</b> |
|--------------------------------------------------------------------------|--------------------|

## CERTIFICATIONS

- Successfully completed the **NPTEL** certification on Introduction to Large Language Models (2025).
- Successfully completed the **NASSCOM Accenture** Acquiring Data (Level 1 – Fundamentals of AI) certification in 2024.
- Successfully completed the **NASSCOM Accenture** Exploratory Data Analysis (Level 2 – AI Ready) certification in 2024.

## CO-CURRICULAR EXPERIENCE

- Serving as **Core Committee Member** of Tinker's Lab, Sanjivani University, Kopargaon
- Working as **Front-end Developer** in Web Development Club in Student Innovation Cell of Sanjivani University
- Beginner-level proficiency in the Japanese language

## PERSONAL DETAILS

- **Date of Birth:** 25 Febraury 2005
- **Permanent Address:** Amin Nagar,Murshatpur Phata ,Kopargaon, Maharashtra, India
- **Languages Known:** English, Hindi, Marathi
