EDUCATION

B. Tech in Computer Science & Engineering, **Sanjivani University** (GPA: 8.12) August 2024-Present

Diploma in Computer Science & Engineering, **Ashok Polytechnic** - 87.31% 2021 - 2024

CAREER OBJECTIVES

Computer Engineering student focused on backend development, GenAI applications, and developer tools. Experienced in building full-stack and AI-powered projects using Node.js, MongoDB, and LLM APIs. Interested in solving real-world problems through scalable software and AI workflows

SKILLS

- **Programming Languages:** Java, C, C++, Python
 - **Web Development:** HTML, CSS, JavaScript, Node.js, Express.js, MySQL, MongoDB
 - **AI/GenAI:** Generative AI (LLMs, Prompt Engineering), Basic NLP, API Integration
 - **Tools:** Git, ChatGPT, GitHub Copilot, Claude
 - **Soft Skills:** Problem Solving, Communication, Teamwork, Work Ethic
 - **Data Structures:** Array, String, Linked list, Stack, Queue, Tree
-

PROJECTS

Invisible Learning Difficulty Detector

Developed an AI-assisted web application to identify potential learning difficulties in students using performance and behaviour indicators.

Built backend APIs and integrated data analysis logic to generate insights and support early detection through an interactive dashboard.

Chrome Extension

Built a chrome extension to provide quick access to AI-powered assistance across websites, improving user productivity and workflow efficiency.

Implemented browser APIs, dynamic UI interaction, and seamless integration for real-time accessibility.

EXPERIENCE

HCLTech – Web Development Intern (May 2025 – July 2025)

Worked on a Media Project Production Management Tool using Angular, Spring Boot, and MySQL.

Developed and enhanced frontend and backend components for a production-level enterprise application.

SaiComputech – Full Stack Developer Intern (March 2026 –April 2026)

Gaining practical experience in a professional software development environment.

Collaborating with team members and contributing to assigned development tasks.

Learning full-stack development practices and improving technical and research skills.

CERTIFICATIONS

Large Language Model (LLMs) – NPTEL

Programming in Java – Oracle

Fundamental Analysis of Algorithm – NPTEL

MongoDB – GeeksforGeeks
