## SUMMARY

---

Aspiring Computer Science Engineer with knowledge of Java, AI concepts, and prompt engineering. Interested in software development and AI-based technologies. Quick learner with good problem-solving and communication skills, seeking an opportunity to gain practical industry experience.

---

**B.Tech in Computer Science and Engineering 2024 – 2027** Sanjivani University 7 CGPA

**Diploma in Computer Science and Technology** 2021 – 2023

Sanjivani K.B.P Polytechnic, Kopergaon 75.13%

## SKILLS

- 
- **Programming Languages:** Java, Python, JavaScript
  - **Web Development:** HTML, CSS, React.js, Spring Boot
  - **Emerging Technologies:** Large Language Models (LLMs), Prompt Engineering
  - Artificial Intelligence Basics – Understanding of AI concepts and Large Language Models (LLMs)
  - **Soft Skills:** Problem Solving, Leadership, Team Management

## PROJECTS Design and Developed :-Invisible Learning Difficulty Detector

---

Developed an AI-based system to identify student learning difficulties using behavioral patterns

Built backend using Spring Boot and integrated REST APIs for data processing

Applied basic machine learning concepts for analysis and prediction

Designed responsive frontend using HTML, CSS

- Technology used : HTML, CSS, Spring Boot, Java, MySQL, REST APIs

### Developed a project on Face Spoof Detection in Machine Learning.

Built a machine learning-based system to detect real vs fake faces  
Worked on prompt engineering techniques for optimizing LLM outputs

---

---

Performed response evaluation and analysis for AI-generated content

Used image processing techniques for security enhancement

Improved accuracy in identifying spoof attempts

## EXPERIENCE

---

### Tech King Solution India

2022

Web Development Intern (Remote)

- Developed practical skills in building responsive web interfaces using React.js and worked with MySQL for efficient data storage and retrieval.

### HCL

May-July 2025

- Completed a Full-Stack Internship, acquiring practical experience in frontend development using HTML, CSS, and JavaScript, and backend development using PHP, MySQL.
- Worked on prompt engineering techniques for optimizing LLM outputs
- Performed response evaluation and analysis for AI-generated content

## ACHIEVEMENTS

---

Maintained good academic performance and successfully completed multiple technical assignments.

Secured Winner position in Internship Quiz Competition, demonstrating strong analytical and technical knowledge

2022

## CERTIFICATIONS

- 
- Successfully completed the **NPTEL** certification on Introduction to Large Language Models (2025).
  - Successfully completed the **Oracle, Infosys Spring Boot Course Certification**.

## CO-CURRICULAR EXPERIENCE

---

- Working as **Front-end Developer** in Web Development
- Beginner-level proficiency in the Japanese language

## PERSONAL DETAILS

---

- **Date of Birth:** 01 November 2005
- **Permanent Address:** Vaibhav Nagar Shrirampur Maharashtra, India
- **Languages Known:** English, Marathi, Hindi
